Dear Ms. Wang:

**RE: Seven Layers co-extrusion Film**

This is in response to your emails of December 2 and 8, 2014, wherein you submitted additional information on the subject product.

The subject film is intended to be used in the packaging of fresh meats, cheeses, seafood, etc., under the following conditions:

- Temperature or state at which the food will be packaged: Fresh or Chilled/Frozen or Dehydrated.
- State in which the packaged food will be stored or displayed: Refrigerated or Frozen or Shelf stable, as applicable.

Based on the information provided, we can advise that we see no reason to object to the use of the subject product as proposed, provided it is technically suitable for the intended end-use.

Yours truly,
